

Support JCWS

Thank you for your support to our activities which are to support and to walk along with persons with disabilities.

Since 1980 JCWS is continuing a program called “Asia Exchange Training Program”. This is a program to invite staff who serves persons with disabilities and leaders of movements for persons with disabilities from Asian countries/areas. We also send our staff to Asian welfare organization. So we learn from each other. We had 82 people from 14 countries/areas came to JCWS who are playing active parts in serving persons with disabilities. This program is funded only by donations.

JCWS also needs financial support for maintenance of equipment so that the safety of the users is secured and supporting services to the users can improve.

Would you walk along with the people with disability by giving financial support to JCWS?

JCWS is a social welfare organization. Your donation may be deducted from you income at taxation.
